EVANGELISTS ... DO WE REALLY NEED THEM & WHERE ARE THEY?

As an evangelist concerned for the sad state of our nation, I have been pondering something that has deeply bothered me for quite some time! Namely, how did God intend evangelistic ministry to fit into the Body? Are evangelists still needed today? And if so, where are they? But first let's determine what an evangelist really is!

We gain our best insight into this type of ministry from Philip for he is the only one in the bible specifically called by that title! But let that not deter us from the relevance of the Evangelist for there is not a single place in the entire canon of scripture where anyone is called Pastor and yet we have thousands of them!

Acts 21:8 clearly calls him *'Philip the evangelist'* who was initially one of the seven, *'a man of good report and full of the Holy Ghost!' Acts 6:3-5* He began his fledgling ministry serving tables, but when persecution broke out so did his true calling and we find him next in Samaria preaching the Word of God!

'And the multitudes with one accord heeded the things spoken by Philip, hearing and seeing the miracles which he did. For unclean spirits, crying with a loud voice, came out of many who were possessed; and many who were paralyzed and lame were healed. And there was great joy in that city!' Acts 8:1-4

We derive from this scripture that an evangelist's message is clearly Christ, his credentials the power of God, his fruit eternal souls and his deposit in the city tremendous joy!

Following the story, we see that a true biblical evangelist is not only able to preach to crowds, but like Philip must also be willing to witness to individuals such as the Ethiopian eunich! *(Acts 8:26-38)* They should possess the God-given ability to make the Word relevant to every culture and creed and be able to readily identify with any sector of society, seeing no eternal difference in value between the soul of a 'down and outer' and one of regal position like the Queen's ambassador! As such an evangelist should be ready to join any man's chariot and like Philip be able to crack a Bible at any page and within moments be proclaiming Christ and drawing on the heartstrings of the lost! *(Acts 8:32)*

This eighth chapter of Acts gives us the clearest description of an Evangelist in the entire Bible! And it is obvious the Church needs more of them today! But where are they?

I decided to do a little research and even though I personally believe a true evangelistic ministry such as Philip's should be backed with signs and wonders, I left out any reference to the miraculous and simply referred to an evangelist as one in full-time itinerant ministry who regularly holds soul-winning campaigns from city to city or church to church. Nor did I include such things as 'puppet ministry' or 'friendship fishing ministry' although I am kind of partial to that last one! I knew the numbers were going to be low, but even I was shocked at the results!

> ***'And He Himself gave some to be apostles, some prophets, some evangelists, and some pastors and teachers, for the equipping of the saints, for the work of ministry, for the edifying of the body of Christ...!'***
> **Eph. 4:11-12**

In talking to David Hazard, one of the assistant superintendents of the Pentecostal Assemblies of Canada I learned they have 'more than 1100 churches and over 3,600 credential holders with about 120 listed as itinerant ministers', but in terms of real 'Philip style' evangelists, the number probably shrinks to about a dozen. When I asked Gil Killam, the Moderator of the Apostolic Church of Pentecost, he said they have about 500 credential holders of which less than 5 are evangelists. Franklyn Pyles, president of the Christian Missionary Alliance said they have about 1600 licensed ministers of which more than 800 are pastors compared to 3 or 4 who may be deemed evangelists. And according to Chief Conference Minister Ike Bergen and Director of Evangelism James Nickel the Mennonite Brethren have more than 500 pastors and although they 'had a Mennonite evangelist 20 years ago did not know of any today!' The picture didn't get any better in talking to Tim Peterson, president of the Foursquare Gospel Church, as he said they have over 150 ministers and 75 churches, but not a single person listed as evangelist! And it got even bleaker with the Evangelical Baptist Fellowship for according to regional moderator Dave Martennum they have over 550 churches and over 800 pastors, but 'there is no one currently employed or recognized as an itinerant evangelist nor is there any specific office or title set apart by the church for those who do evangelism,' although Terry Cuthbert, the president, did later say there were a couple! And Paul Corriveau, pastor of the largest evangelical church in Quebec City, told me they have over 300 pastors in the French branch of the PAOC, but when I asked how many evangelists, he said, 'I don't think we have one! The current structure cannot support them!' I am sure that most other denominations have sad but similar commentary!

As bible believing Christians we should realize just how tragic these statistics are – out of 7 major evangelical movements and almost 7,500 ministers we are hard pressed to find a dozen or two who could be called full-time itinerant evangelists and not a single one of them is supported from their national offices! Not that any one said they did not believe in them; they have just been quietly and steadily disappearing from the scene!

But what happened to create such a decline in evangelistic ministry? Perhaps the insight of Bill Morrow, General Superintendent of the PAOC, helps shed some light! He said that 'during the 60's and 70's everything was about reaching the lost, soul-winning was the top priority and almost any evangelist could pack the altars. Then came the Charismatic movement and multitudes poured into churches! They came as adults and they

came with money and we launched big building programs! We stopped focusing on winning and shifted to building and nurturing! As churches grew, mostly by transfer growth, evangelists were still brought in, but nobody was saved because nobody brought them, so we switched to seminars, programs and believer's conventions!' The same thought was conveyed by Terry Cuthbert, president of the Evangelical Baptists, as he said, 'Our focus and energy has shifted to church growth, body-building and discipling of those already saved and unfortunately we have left out the winning side!' Gil Killam summed it up by stating, 'The modern church has not only lost the evangelist, but to a large degree the whole *'spirit of evangelism!'*'

Could this possibly explain at least part of the reason why the Canadian church with its meager 7-8% evangelicals has not been able to even keep up 'percentage-wise' to the national growth rate, let alone win our nation to Christ? Is it possible that we have lost the heart for souls and set aside the God ordained ascension gift of the evangelist that could potentially help turn the spiritual tide in our land?

Somehow the Church of today has either completely forgotten or almost starved out most evangelistic ministry! And in so doing has not only lost much of the soul-winning impetus an evangelist brings to a Body, but inadvertently put unbelievable pressure on many of their pastors!

You see, in Canada today the average church size is about 140 members and almost everything revolves around the pastor! He is expected to be chief cook and bottle washer, everything from administrator to fund raiser, sermon builder to miracle worker, not to mention all his other functions including marrying and burying as well as baby dedication and hospital visitation! The result - many pastors burn out, most evangelists starve out and the lost sadly miss out! Something is out of order!

Perhaps we could look afresh to the bible for the answer!

'And He Himself gave some to be apostles, some prophets, some evangelists, and some pastors and teachers, for the equipping of the saints, for the work of ministry, for the edifying of the body of Christ...!' Eph. 4:11-12

Note, it does not say God gave a 'one-fold' ministry of pastor, but five different ministry gifts to the Church! I realize for some this is a serious point of contention, especially as numbers today advocate the restoration of prophetic and apostolic offices, and not surprising for even the office of evangelist was unheard of until about 150 years ago. For many centuries during the Dark Ages no one dared call themselves an evangelist until, as Dr. Peter C. Wagner points out, Charles Finney recognized the gifting in the Word and proclaimed himself an evangelist. Many of his day called him a heretic for this claim, but the proof was in the incredible results as whole towns were shaken and multitudes born into the Kingdom! Even Oswald J. Chambers stated, 'Finney had the greatest success rate of any with over 80% of his converts remaining true to God until the end!' That is Soul-Winning with power! That is a true evangelist in operation! The question is: Do we still need them today? And if so where are they?

Believe it or not, some of them are frustrated pastors preaching to frustrated churches! I know several who were called to be revivalists and soul-winning firebrands for Jesus, but say they soon realized that most of the current church structure does not even understand the dynamic of evangelistic ministry, let alone support it, so they opted to become pastors in order to stay in ministry and still receive a paycheck! But the problem is they cannot build a church on evangelistic gifting 52 weeks a year! So in their attempt to adopt a role that God has not necessarily called or equipped them for, their evangelistic gifts begin to stagnate, their passion for the lost goes unmet and they end up frustrated – an evangelist trapped inside a pastoral office! They feel just as surely out of place as a pastor may challenging the darkness over a nation, hugging drunks on Skid Row or believing God to open blind eyes on a regular basis! Each has his own gifting from God! The pastor is not an evangelist and the evangelist is not a pastor!

Yes, all can and should do as Paul instructed Timothy, *'Do the work of an evangelist, fulfill your ministry!' 2 Tim 4:5* In fact, David Hazard quoted this scripture when he said, 'Most evangelism taking place in the PAOC today is done through the senior pastor in the regular service.' Thank God pastors are winning souls for that should be normal church life everywhere and leaves little doubt that office gifts can often overlap or as Dr. Wagner states, 'be hyphenated', but there is still a big difference between doing the odd soul winning outreach, Sunday morning altar call or friendship bean supper and walking in the anointing of a true evangelist! I have done numbers of weddings, funerals and baby dedications but I know that is not my calling! I would probably have a pretty wild church if I was a full-time pastor because my primary

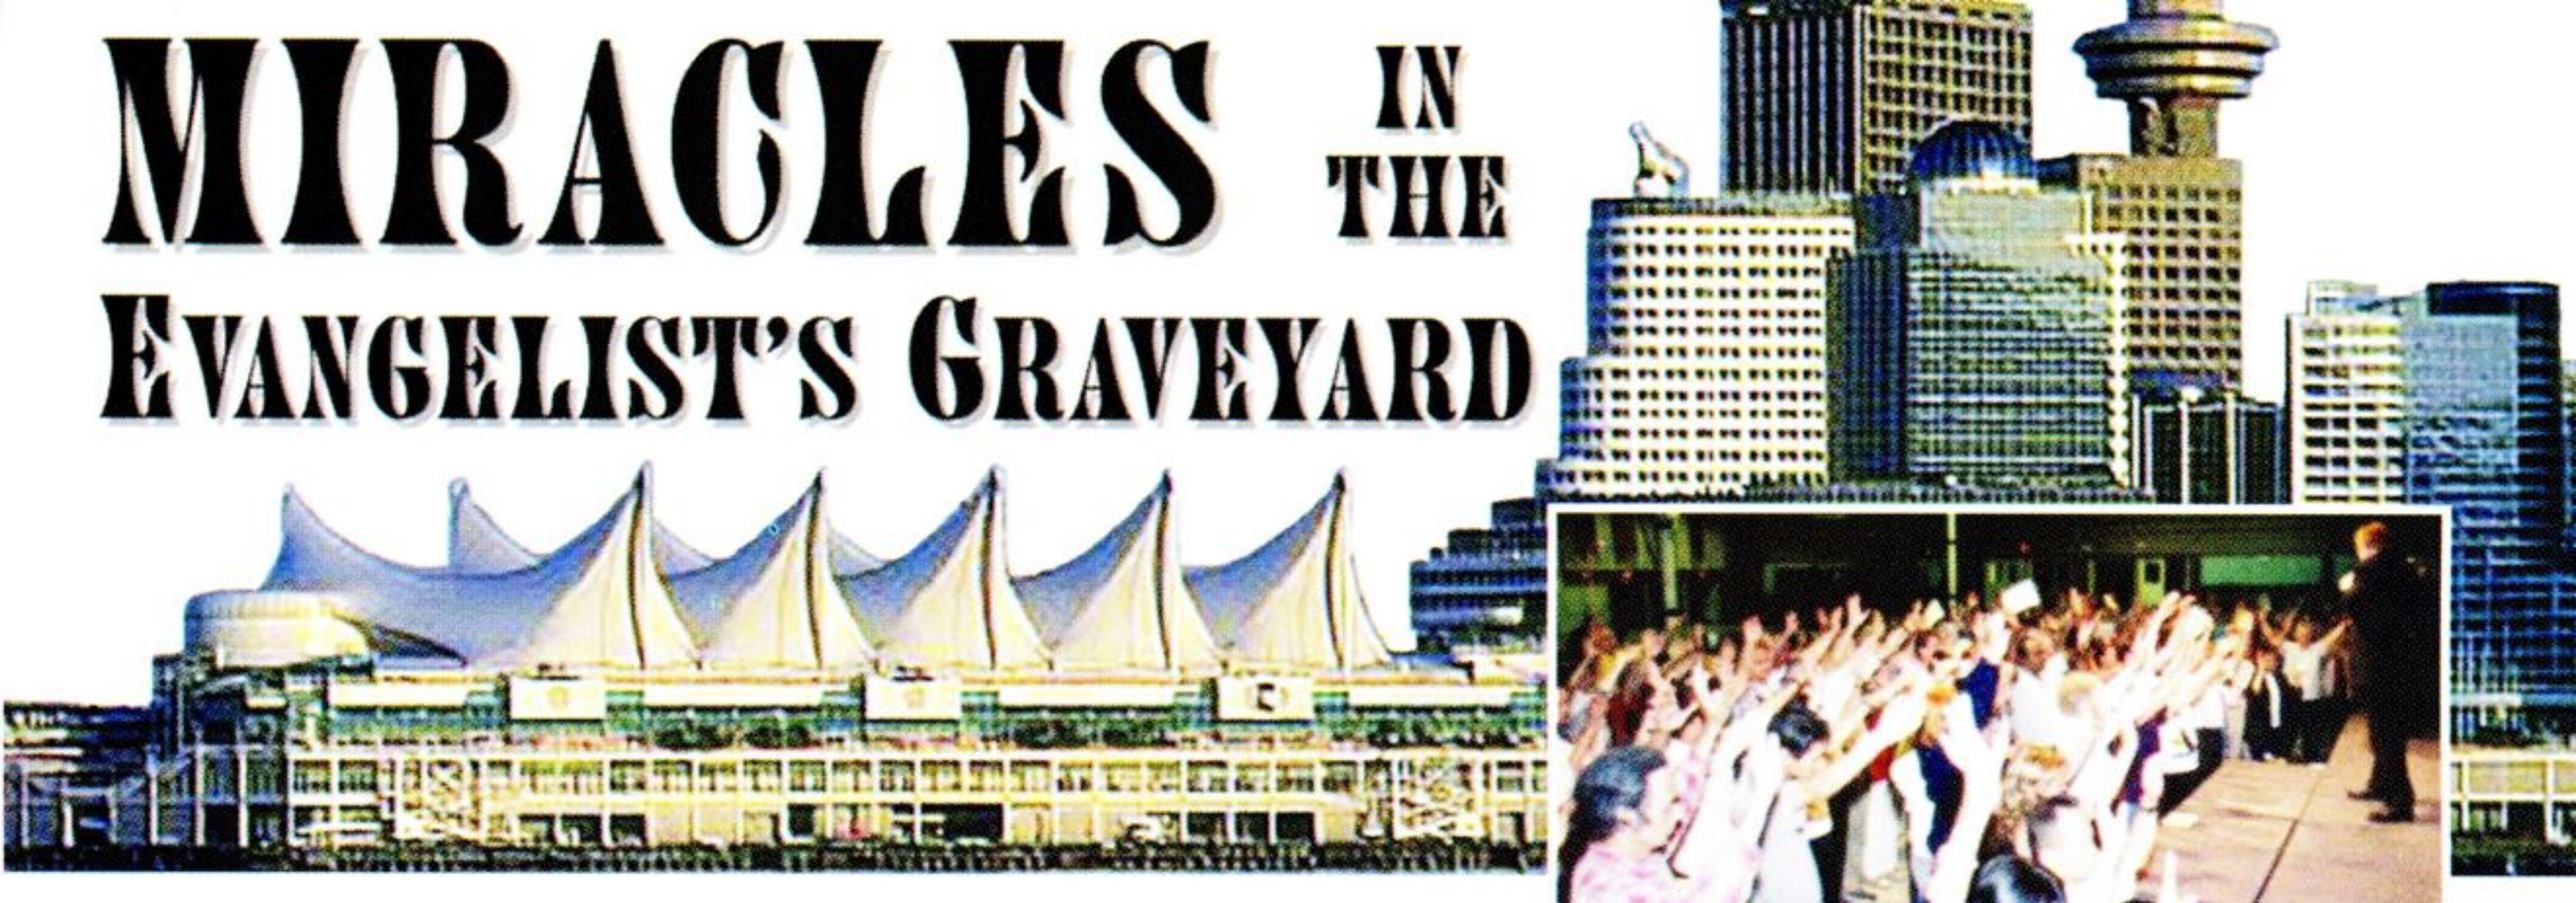
MIRACLES IN THE EVANGELIST'S GRAVEYARD



ALTAR CALL - McPherson Convention

Pastor Gary Payne of Open Bible Chapel had good reason to believe in this ministry because in 1991 one hundred and thirty-one (131) members of his family were saved in our crusades in Mauritius and after all these years only one had fallen away from the Lord! Now God had been using our e-mail reports on Canada to stir his heart for a similar move in Vancouver! Although his church was not large his heart for souls was and he had the mind of God in calling us!

Soon we were meeting numbers of other hungry pastors to launch a campaign in Vancouver, known as the Evangelist's Graveyard as less than one percent attend church in this city! But God broke through and over the two week campaign from June 9-23 hundreds committed their lives to Christ and many wonderful miracles took place including blind eyes and deaf ears that opened, lumps, tumors and cancers that disappeared and people with AIDS, HIV and Hepatitis C who were gloriously touched by the Holy Ghost! Doctor's reports are already coming in! God was rolling the stone away and no more shall Vancouver be called the Evangelist's Graveyard!

TWO TOTALLY DEAF FROM BIRTH

The very first night a mother brought her two sons, both totally deaf from birth! The youngest, 18, was instantly healed the first night to the amazement of many, but when I prayed for the second one who was 20 years old, there was no change! So I sent Mom home with one of our New Life books and she read it to her sons by a combination of sign language and lip reading – especially the chapter on how to receive healing from Christ. You should have seen the look on Mama's face the next night as her second boy got his hearing! Twenty years of total deafness gave way to the miracle touch of Christ! And the stage was set to see God heal many more!

DEMONS HAVE TO GO →

Numbers of malignant entities shrieked their way out while others growled that I could not cast them out, only to be defeated by the mighty and powerful name of Jesus! The roots of demonic oppression varied from involvement in satanic rituals to drugs, lust and/or rebellion but God in His mercy set them free!

FROZEN SHOULDER HEALED

This sweet Philipino Lady, Loretta Alfonza, had a shoulder frozen stiff for 1 ½ years. The power of God came over her and she hit the floor weeping hard and shrieking for joy. When she got up both arms punched up and down freely. Then she surprised me by saying she had had a big lump instantly vanish from her breast when I preached at Glad Tidings in 1995 and had been praying for me to come back to Vancouver! She did not have to wait for me because Jesus is the Healer, but God honored the point of contact she determined and we give Him all the glory!

INTESTINES STICKING OUT HEALED

Several others with hernias were healed including George Armstrong of Burnaby who could feel his intestines sticking out and constantly had to work them back in with his finger. How amazed he was as he pushed all over unable to find any hole in his belly.

CRYSTAL METH ADDICTS FREE

Fears and bondages were broken over many lives and drug addicts set free, like the two young people hooked on crystal meth, a chemical drug made out of Draino and ten times more addictive than Cocaine. They came night after night declaring they were free, off drugs and no more desire to take them!

DEAF EAR FOUR YEARS

Amongst those healed was a lady totally deaf in her ear for four years who could now hear clear!

MANY DISEASES HEALED

Many others were instantly healed including a woman with very painful heel spurs and her mother who had a lump in her breast disappear! Another woman had a lump disappear off her side, another from his arm and still several others from their breasts and necks. Some with very high diabetes counts said the counts were down to normal, others with cancer pushed all over without any pain and one woman full of bone cancer and blood disease was thrilled she could move so freely and her semi-crippled hand was working fine. Others with stiff limbs and those with arthritis, osteoporosis and other crippling diseases felt relief and ran back and forth apparently healed! One woman with a degree of paralysis and numbness in the left side of her face from a stroke nine years ago was delighted to have all her feeling back and just kept saying, 'Beautiful, Beautiful!'

DEATH SENTENCE CANCELED!

Sheila Samuels came holding her doctor's blood report showing she was HIV positive and Hepatitis C positive! When I saw her weeping with many others in the altar call for salvation the Lord stirred my heart! I said, 'This woman is holding a Death Sentence – a declaration of the AIDS virus in her blood and it is a death warrant, but there is an even greater death warrant in many people's blood called Sin! Outside of God's divine intervention, AIDS will kill the temporal body but SIN will kill forever! Many raised their hands in repentance and tears flowed freely as people called on the Lord! I prayed for her first and as she stood weeping on the platform I said, 'Give me that paper! That is a Declaration of Death!' Then I put my bible in her hands stating, 'This is God's Declaration of Life! God says you will live and not die!' Then I prayed for both her and Marcus, the man she had recently married, and she wept profusely as the Holy Spirit worked in her hungry heart! Then Marcus said, 'She also has a totally deaf ear!' I told her God was going to heal her ear so she would have a tangible confirmation that God was also healing the AIDS virus! She squealed for joy as the ear, deaf for many years, popped open! A few days later she went for new blood tests! The first report came back - absolutely no Hepatitis C and liver enzymes normal! Later the HIV test came back – NEGATIVE! The CD4 count was normal, the viral count normal, the white blood cells producing normal and absolutely no trace of the AIDS virus in her blood! Healed by the Loving Mercy of God!

She and Marcus are both on fire for God and have since moved to Edmonton to start a Street Ministry to those who hurt like they did! Please pray for God's blessing on them and their ministry!

TUMOR IN BRAIN

A man with a tumor in his brain came back grinning night after night to testify how good his head felt.

SIGHT RESTORED

This sweet 80year old little lady from West Vancouver, Elsie John, was led on the platform by her friend. She was totally blind in one eye and almost totally blind in the other! Much to her surprise she was slain in the Spirit and when she arose she said, 'Oh my, I can see, I can see!'

COCAINE ADDICT FREE & ON FIRE FOR JESUS

Courtney Henderson had been a hard core drug addict, deeply addicted to heroin, cocaine and speed, but the Holy Ghost literally hammered him when he gave his life to Jesus! God set him free and he returned all cleaned up dressed in white shirt and black vest as though he stepped off the front page of GQ. Over the coming days there was such a transformation in his life that his wife who had thought he was crazy while hooked on drugs now thought he was even crazier hooked on Jesus! He shouted out, **'I am on the highest high I have ever been on and it is Jesus!'** Hallelujah! One day he went out, found a man who had not been to church in 20 years, mad at God and ready to commit suicide! He brought him to the meeting and God met him! Later with tears running in his eyes he said, 'I had given up on preachers and wanted nothing more to do with them or with church but I thank God I came, heard you preach and received Jesus into my heart! You have restored my confidence and I want to live!' To God be the glory!

DOCTORS CONFIRM TUMORS GONE

Several testified that lumps and tumors had instantly disappeared from their bodies including two women whose doctors were left scratching their heads as the medical profession confirmed that a miracle had indeed happened and the tumors were gone! Grace King and Elaine Webb were two of them!

PARTNERS IN MISSIONS!

Part of the Mandate God has given this evangelistic ministry is to preach the Gospel in power to the ends of the earth! That mandate was birthed by a divine visitation from the Lord on Nov. 29th, 1980 and supernaturally confirmed by three miraculous visions God gave a stranger 3,000 miles away on Jan. 6th, 1981. (See my book *'Vision of the Harvest'* for the amazing details.) That divine call has taken us to over 100 nations and over 300 mass campaigns around the world. We have been priviledged to preach eye to eye to 10's of millions and over 3,000,000 of them have made first time decisions for Christ! The vision continues today and needs your partnership to help fulfill it! Share in the great rewards of reaching the lost both at home and abroad! Become a Soul-Winning Partner today!

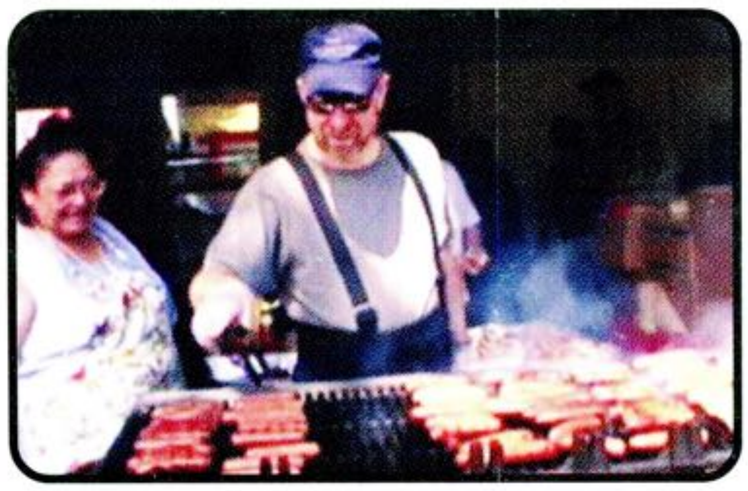
HOT DOGS & JESUS!

The Battle to Preach in Oppenheimer Park!

Pastor Debra Chien had suggested this outreach at our first planning meeting and now most of the Inner City missions groups had joined in to bless the 'down and outers' in Oppenheimer Park, just two blocks away from the infamous corner of Main and Hastings. This is the heart of the **'War Zone'** commonly referred to as **'Hell's Alley'** – probably the roughest spot not only in Canada but perhaps all of North America!



But it was not without a battle! For over three months the City turned us down or sent our representatives on a goose chase from one department to another! After much persistence and lots of prayer the City Parks Board finally granted permission only a few days before the event. Even then the permit clearly stated that although we could serve food and distribute clothing, there was absolutely no allowance for PA systems or any type of amplified sound and any preaching about Jesus was strictly forbidden! No wonder Vancouver has less than 1% who attend church! But they did make a slight allowance for what they termed *'minimal passive interaction'* with those who came! Well, **I am just your 'Minimal Passive Interactive' type of preacher**!

MINIMAL in the sense that the minimum required by Jesus is to proclaim clearly His death, burial and resurrection and His healing love and power, **PASSIVE** in the sense that it should be shouted from every housetop and **INTERACTIVE** in that this message must be preached to every creature on planet earth and that all have the chance to surrender their hearts to the Live-Changing Christ of the Bible!

Thousands of needy people lined up to receive hotdogs, salad, drinks and dessert! Many hundreds of them happily went through the piles of clothes finding new outfits while Christians and their leaders played guitars and sang praise to Jesus! And every once in a while I lifted up my voice to proclaim God's Love for the Inner City!

The two most powerful news stations, **Global and CTV**, both sent news teams to capture a bit of the historic event! As the Global cameraman was shooting I climbed up on a chair and gave a short spurt on Jesus our Redeemer who died for the Inner City! **Within seconds I had Park attendants commanding that I stop, no preaching allowed**; they even told me it was against the park law to stand on a chair and that if I did not stop they would call the police! What a threat – I could have ended up like Peter, Paul, Silas and the early disciples – in jail for preaching about the Savior! Not bad company! So I simply looked over their heads and finished shouting out what I felt God wanted! I called it a short announcement!

The News on Sunday night called it ***'the event that almost didn't happen'*** and carried some of the people's comments on how the City tried to stop us, but they termed it a very good event and said *'they preached anyway'* showing a shot of me shouting out God's Heart for the Downtrodden! Then they cut away to a few comments from some of the old timers who have lived for years in this rough area saying this was good and thanking God we had come – that it was long overdue! In the end, **the City looked foolish for trying to stop us and the Christians and the Gospel came out shining in the News**! Especially when one could see heroin addicts shooting up right behind the News Reporters while the City bylaws prohibited the Gospel which is the only true solution to the problem!

Over the next few weeks this event was carried several more times on **CTV** and **Global News** plus write-ups in everything from the **Province** and **Vancouver Sun** to the **Toronto Globe and Mail** as Pastor Gloria Keeler carried on the battle for freedom to preach the Gospel in the City Park! And by God's grace the restrictions were overturned and we won the battle! **There is now no law against preaching in any park in Vancouver!**

SKID ROW REVIVAL

For a few days in June HELL'S ALLEY became HALLELUJAH BOULEVARD! I figured that if I couldn't preach freely in the park we would go where we could – right on the street where the action is! And God came down!

Starting Monday night, June 24th. the Impark Parking lot at 61 East Hastings became Street Revival Headquarters to reach out to the saddest and most flagrantly open community of lost and dying souls in all of Canada! In every direction the alleys and streets are lined with the destitute and dying, derelicts and despondent! An obvious haven for drug pushers and pimps, drunks and derelicts, the hurting and the hopeless!

First of many deaf ears pop open!

Over 16,000 residents live in this 8X8 block area, 6,000 are needle users, over 30% have AIDS or are HIV+ and a staggering 80% plus have hepatitis C. Drug pushers line the streets and alleys peddling heroin, cocaine and crack, marijuana smoke fills the air and the crumpled bodies of frail, sickly and abused can be seen lying down the alleys and on sidewalks! Needless to say, it is a very dangerous and volatile area where fights, murders and overdose deaths abound! And you never know who will pull a gun, a knife or a syringe filled with AIDS infected blood to accost or rob you! No wonder most Christians would never set foot within this area and have no idea how bad the problem really is! But this was where God told me one morning to come and hold a crusade! And what a campaign it was!

We joined together with several Inner City Missions including Potter's House with Pastors Debra and Fredrick Chien and Dorothy Lewis, Mother Hastings with Sister Eileen, Agape Life Church and Cross Fire with Pastors Ernie and Marilyn Culley, Open Bible Fellowship with Pastors Gary and Jean Payne, Union Gospel Mission with Pastors Al Male and Bruce Taylor, Living Waters with Pastor Gloria Keeler and others like Street Church with Pastor Randy Barnetson as well as Squamish New Life Church with Pastors Steve and Marilyn Chapman and many more! The time had come to show the Inner City that Jesus loved them in a tangible and demonstrable way!

You could have called it a 'Hot Dogs and Jesus' campaign, but those who came would get much more than a free meal before they left! Pastor Gary Payne counted well over 800 people the first night before he stopped counting and still more came! Praise and worship echoed down the streets and alleys and then I preached a short fiery message on the Christ who has not forgotten the Inner City to the wild cheers of the crowd and the altar area filled with people committing their lives to Christ! Several said there had never been such an altar call in this area!

I called for the deaf and the first to come was a woman who had not heard in one ear since she was a little girl! Ecstatic faces and shouts of praise resounded as she repeated every whisper! Several more with deaf ears were instantly healed and then a big tough looking fellow who had suffered with a frozen shoulder whirled

Carole Magumbo had fibroids in her belly as big as a fist that disappeared!

his arm around completely healed! People with AIDS and HIV hit the deck stunned by the surge of Holy Ghost power that flowed through them only to arise and declare their bodies felt wonderful!

Then Hank came forward, a man everyone including all the Gospel Missions leaders knew was totally blind in one eye! What a victory for God's love as his eye popped open! God was showing Himself alive, well and relevant to the heart cry of the Inner City! Unfortunately, Hank went back drinking the next night and the devil stole his sight again which served to show the people their need to not only get free

but stay free!

The second night Global TV was out again to interview me and shoot a good portion of the meeting and a reporter from BC Christian News was also on hand! Sheila Samuels was ecstatic and ready to testify for she had just got the first of her two new blood tests back - absolutely no trace of Hepatitis C and all her liver enzymes were perfect. The crowd cheered in front of the TV newsman and our cameramen.

After preaching on *'Doctor Jesus'*

multitudes of hurting filled the altar calling on God for salvation! I called for those with lumps, tumors and hernias to come forward! The first was a girl with a big tumor in her armpit and another in her leg. Both lumps instantly disappeared and she was ecstatic! Others with lumps were amazed as they disappeared, more deaf ears opened, several drug addicts cried out to be free and several with blood diseases were wonderfully touched and slain in the Spirit! Stomach diseases dissolved as people buried their hands deep in their bellies without pain, a man with swollen liver declared his stomach normal and the painful bulge gone, and a woman with a hard lump in the left side of her stomach said it had disappeared! Many others were touched and healed and the word was spreading throughout the entire area!

But not all were happy! A couple people told me there were some pretty tough fellows right behind the stage in the alley talking about taking a knife or a gun to

some of my vital organs and someone else motioning to his friends to get my ring. I simply said, 'Boys we are here on God's business and nothing will hurt us! I refuse to accept any fear! God is bigger than that!'

Then many came stating, 'This is an absolute historical event! You must stay another day to leave an indelible mark on the Inner City!' And when I saw the miracles God did the next day I was thrilled that we decided to burn the flesh a little more and run some extra costs! After all, just one of these precious hurting souls is worth more than the whole world! *(Mk. 8:36)*

But the next day was payday for those on Social Assistance, the last Wednesday of the month, when all those who receive social assistance get their welfare checks which are designed to feed and house their needy recipients for the month! But it doesn't work that way on Hell's Alley! Instead it is party time and for the vast majority the meager monies received are spent within the first day or two as Satan is turned loose on the streets, all the seedy bars fill and money flows freely into the

hands of drug pushers and ultimately the coffers of bike gangs!

As anticipated, the crowd was slow in building, free food was not high on people's lists, and the streets were swarming! So Steve Chapman and I sent several groups of Christians up and down the streets to invite them! And I took off on a lone venture, by myself, up and down many blocks and back alleys and what I saw was almost unbelievable! Drug pushers were literally everywhere, but especially at little Pigeon Park and the corner of Main and Hastings! Marijuana smoke filled the air, deals for cocaine, heroin, crack and various other drugs were openly being cut in every direction! People in full view were shooting up on the streets as soon as they got their fix, others openly basting or snorting without the least concern of the many patrol cars! Some deals

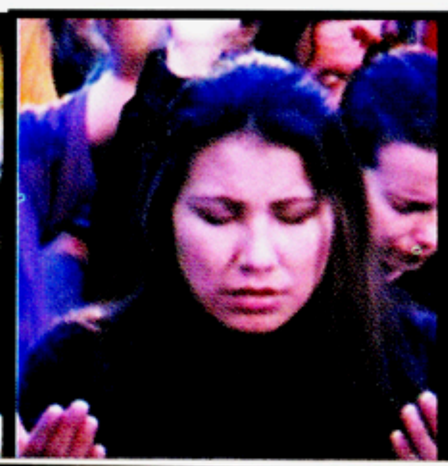
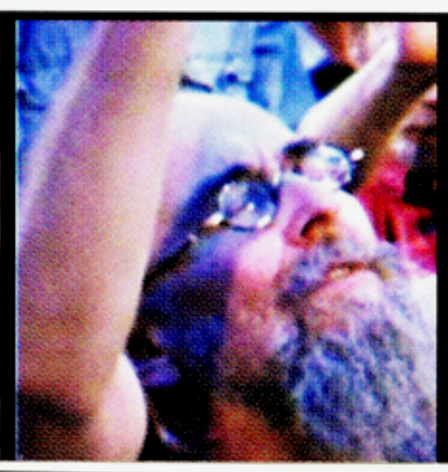
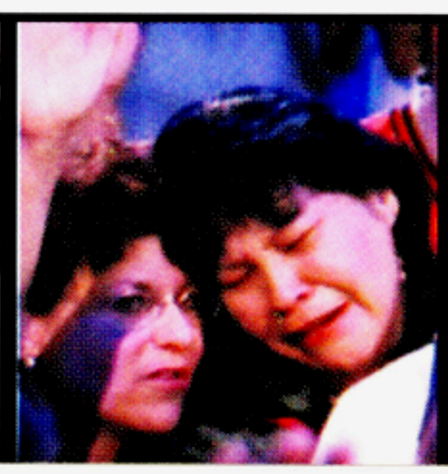
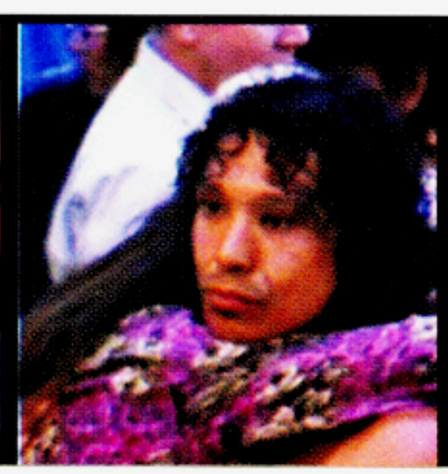
were put on hold for about 30-40 seconds while patrol officers stopped and then continued on as though law was a non-entity! Others with open whiskey bottles and beer cans mingled in their midst while the odd ambulance arrived to pick up those who had overdosed and one individual beaten in a vicious fight! It was easy to sense the frustration of officers who at best could only hope to contain but not control the disorder! But this was Hell's Alley on Payday – and we had to have a campaign that night!

By now most knew why we were there and many readily recognized me saying they were straight, happy we had









come and they would be at the campaign! And come many did as by about 8:30 the grounds began to fill, but some in the crowd were far more unruly this night and several tried to take the meeting over, their desire to get the microphone or voice their views emboldened by 'Liquid or Chemical Courage!' But we kept order and I delivered a lengthy message on the Christ of

20/200 Vision comes clear!

Freedom who could snap the chains of bondage and set them *'free indeed!'*

The altars filled again with many new faces and people cried out for the Living God, wanting to be delivered from the curses of addiction and hopelessness! Then I began to pray for the sick! First hernias and lumps were healed, then those with deaf ears and then I called for all the blood diseases! The stage literally filled with people with AIDS, HIV and HEP C. We cursed the diseases and spoke life into them, believing for the same kind of amazing new doctor reports that Sheila Samuels had testified to earlier! Then a dear friend who is one of our Board Members, Hans Krahn, brought a man up. His name was Peter, a Catholic fellow who ran a furniture store but had been stone deaf in his right ear for the last 32 years. It popped open and he could hear clear and Hans was beaming from ear to ear! In fact he told me the next day that Peter had gone home stunned at what had happened! How great our God is!

THE POLICE SAID...

'We usually have to break up 3-5 vicious fights per hour each night but there was only one during the whole time you were here and we pick up about 150-200 overdose victims per night but there were less than half! This was wonderful! Come and do it every week! We'll help build the platform!' As related to Pastor Gary Payne

Before the night was over several prostitutes and drug pushers gave their lives to Christ along with many others! And the Pastors all declared that this had indeed been tremendous, an historical event, and that God had shown Himself alive and well in the heart of the War Zone!

We give God all the glory that we had the opportunity to make such a dent in the darkness! But I told the people, these ministries and all the others who pour out their lives and hearts on a regular basis in this forgotten and demon infested area are the true *'Heroes of the Faith'* and we honor them! Please hold them up in your prayers and pray for a continued revival in this area! Then at the many urgent requests, I promised to come again soon!

Stone Deaf Ear for 32 Years

TAKE A WALK DOWN HASTINGS!

Now let me sum this up for anyone who knows someone involved or toying with the idea of experimenting with drugs: Take them for a walk through the dark side, down the alleys of East Hastings, let them see the end of satan's painted promises of pleasure from drugs and abuse and they will surely think again if this is the way they want to end their lives! It brings to mind the words of the great evangelist of old, Billy Sunday, *'But for the grace of God go I!'* Praise God there is a better way through the Cross of Christ and He can still set the addict and the derelict free!

A MIGHTY MOVE OF GOD IN DAWSON CREEK BC

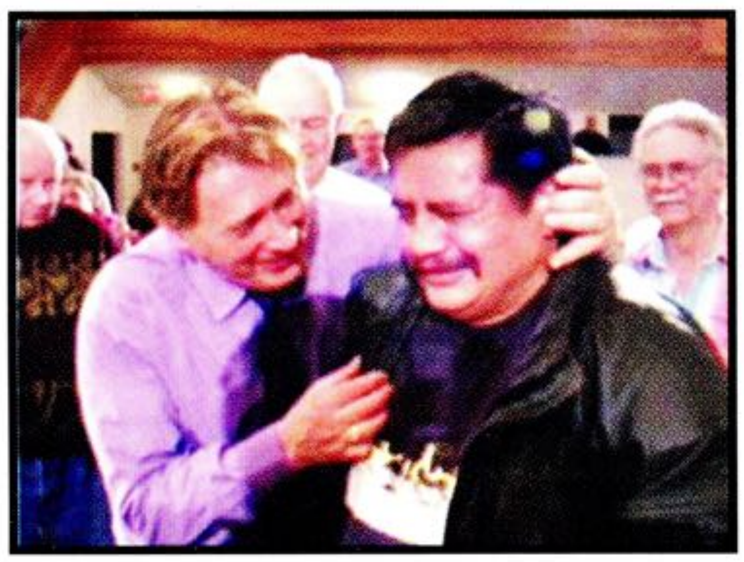
Four days of meetings with Pastor Gordon Warriner in the northern BC town of Dawson Creek left a lot of people saved, healed and restored to the glory of God! The miracles started with a word of knowledge about someone with lumps in their breast and a woman responded who had five of them. She had started with one several years before and it seemed each time she received prayer, instead of receiving healing she got more lumps, until she had developed five and was very worried and her faith taxed. But every trace of the lumps instantly disappeared and night after night she returned to testify of God's healing love and power! This miracle was followed by numbers of deaf ears that popped open, several lumps and growths that disappeared, glaucoma and cataracts that simply dissolved, torn stomach linings made whole, demons that came shrieking out and many who were wonderfully impacted by the Holy Ghost! Numbers were saved and many others rededicated their lives to God. He had shown Himself alive and well at '*Mile 0*' of the Alaska Highway which would also become '*Mile 0*' of the Christian journey for many whose lives took on a brand new start! To God be all the glory!

HERNIAS INSTANTLY DISAPPEAR

Several hernias instantly disappeared including two women who had suffered with big tears in their stomach linings for the past six years! Every pain and sign of them was gone!

DEAF EAR & SCIATIC HEALED

This old boy was totally deaf in his ear for many years but God healed him and his wife was delivered from an excruciatingly painful back and sciatic condition.



PASTOR'S EAR OPENS AFTER 27 YEARS

Pastor Miles Gladue had been totally deaf in his left ear for the last 27 years! As a full gospel pastor he had been prayed for so many times it was almost uncountable and yet no miracle. But the power of God literally hammered him and he went down weeping and laughing and finally got up hearing perfectly and staggering and falling down the aisle drunk as a skunk in the Holy Ghost!

HOUSEHOLD HEALING

This dear elderly Grandma had been totally deaf in one ear and partially deaf in the other for 54 years! She was hearing perfectly clear, her daughter was blessed and healed and her son in law was rejoicing because his eyes could now see clear and best of all her little grandson who was born with a speech impediment and could not stutter out anything more than one word at a time was saying complete sentences! God's power was blessing the whole family!

God is pouring out His Spirit in Canada through this ministry because of your prayers and support. We can't even begin to report it all in even a 16 page newsletter. Watch for more great reports on what God is doing in Canada next month.

DESTINED TO DIE 4 ½ YEARS AGO – ALIVE AND WELL!

Do Miracles Last?

Many wonder if the miracles and changed lives will last? That question was surprisingly answered when Sylvia Issaac came forward who had lived on these streets up until four and a half years ago. At that time doctors had given her up to die of cirrhosis of the liver and related diseases. They had told her she had only a few weeks to three months at best to live but she said a friend had brought her to my crusade in Prince George where the Lord saved and healed her and completely delivered her from drugs! The big lumps in her belly from the swollen liver had instantly disappeared, all excruciating pain had left and the surprised doctors had told her she had a brand new liver! That was four and a half years ago and she said I came to tell you that 'God used you to rescue me from death and from the curse of these streets!' Hallelujah! Miracles do last and if God can do it for Sylvia He can do it for anyone!

office is 'Evangelist' and I would expect every service to carry the flavor of full-blown revival!

Then of course there are a large number who have simply quit the ministry and gone into secular employment! They say they have had their fill of pouring themselves out for God and souls without due recognition or adequate remuneration from the church! As Pastor Paul Corriveau stated, 'The current structure cannot support evangelists so they either quit or take up a pastorate!'

The Salvation of our Nation is at Stake!

Add to that the number who have *'fulfilled their ministry'* and have passed on to their rewards in glory with no one ready or able to pick up their mantle and the vaccum grows!

Then there is a large number who have packed up their families and moved to the foreign field as missionaries for there the office of evangelist is still highly honored, great crowds turn out, the locals are trained, churches planted and multitudes are born into the Kingdom. Hence the explosive growth in some of these nations and that to the great credit of some of the denominations listed. For example, the ACOP has about 20 ministers on the field and an annual missions budget of approximately $1.5 million, the Missionary Alliance has 215 fully supported overseas workers and a budget of $11 million, and the PAOC has 211 with a budget of $15 million, which is tremendous! But even here, Randy Sohnchen, director of World Missions for the PAOC stated, 'There is a huge shift coming in how we fund Missions in the future and more and more we will see missionaries networking with local churches!'

Certainly it would be wrong to attribute all the foreign growth to the missionary evangelist alone for it takes the entire *'five-fold ministry'* working together to impact a nation, but evangelists are often the catalysts that spark the revival! Still there is absolutely no denominational funding and few open doors for any of those who labor at home in *'Mission Field Canada!'* Do we not think that something similar could happen in our nation if the office was more highly esteemed and supported here!

But not all Canadian evangelists have left for the foreign field – many have gone Stateside! Over the years, I have probably heard the comments of evangelist Jeff Garvin from at least a hundred traveling ministries: 'It's a sad day in Canada for evangelists because we seldom get paid so we have to preach in the States to make some money!' He added, 'Evangelists go south for a reason! They have gotten tired of starving their families and taking out second mortgages!' Like so many of our doctors and nurses lately, numbers of itinerant ministries have packed up and moved to the USA where the money is better, the opportunities greater and the gifting more readily welcomed! Maybe that partly explains why, according to researcher George Barna, America has over 42% who classify as 'born again!' But just as surely as our medical system and high-tech industry will suffer the drain on its professionals so the church of Canada has suffered the loss of evangelistic ministry! That drain must stop! We need our evangelists! But it will only change when the Canadian mentality towards evangelism does!

Another point of frustration for a number of my Canadian colleagues is how many churches in our nation seem to think an evangelist must be better if they come from the USA as though the anointing was stronger if it was registered on the southern side of the 49th parallel! Perhaps it is because we have so few real evangelists left of our own that we have to either import them or catch them on television! The result is a double blow to Canadian itinerants, for it leaves them feeling their gift is not valued while at the same time multiplied millions of dollars from Canadian Christians leaves the country every year to support our American counterparts. But when one of Canada's own pours out their heart for souls and asks the same people to support reaching the lost in their own nation they usually receive a paltry token of what goes south! One even told me that when the 'Two-ny' was introduced his offerings almost doubled! It would be funny if it wasn't so close to the truth! No wonder Canadian evangelists have gotten frustrated, started a church, left the country or quit altogether!

Now please don't misunderstand me, there are a lot of tremendous preachers from beyond our borders and we thank God for the many blessings they have brought our way – but, my Canadian friend – listen! You won't find many of them in the trenches, pouring their hearts out week after week with our sighing, crying and dying! Nor should we expect them to!

This is our land and if this nation is to be won to God, Canadians must reach Canadians! And that means that Canadians must begin to recognize, pray for, stand with and support the anointed ministries God has given them! That includes their evangelists and would enable Canadian outreach ministries to not only pay their costs but also have surplus left over to grow just as surely as most pastoral ministries do! Unfortunately the current denominational wineskins have not often allowed for that, many times forcing evangelists to work completely outside the traditional church structure!

But there is perhaps a glimmer of hope, for almost every one of the leaders I queried said they realize this has become a serious problem and are beginning to re-evaluate the role and treatment of the evangelist. So even though this may seem like one of the most difficult days for Canadian evangelists, it may also turn into one of the brightest as the potential exists for fire-brand ministries

to rise up in the anointing of God and fill the current void! The key is to maintain a tender spirit, build relationships and keep the fire burning to reach the lost!

Of course, each ministry will have different needs according to the call and vision of God, but the office and call of evangelist should never be equated to money; it is ultimately about winning lost eternal souls! And if souls are won and plugged into existing churches, everybody wins! That is the very reason God gave *'some evangelists'* and they are still His primary ascension gift to the church for plundering hell and populating heaven and need to be treated so, even if it means massaging the old ecclesiastical wineskins or introducing a few new ones! That may take a brand new method of working together between pastors and evangelists but the results would certainly be worth the effort! After all, the salvation of our nation is at stake!

The office and call of evangelist is ultimately about winning Lost Eternal Souls!

So do we still need the ministry of evangelist today? Absolutely! Do our Canadian churches need these ministry gifts? No doubt about it! Can they help change the spiritual destiny of our nation? Certainly! And is it time to start supporting our own? Yes, a hundred times, Yes! In fact, it is long overdue for it is God's divine order! *(Phil. 4:15-19)*

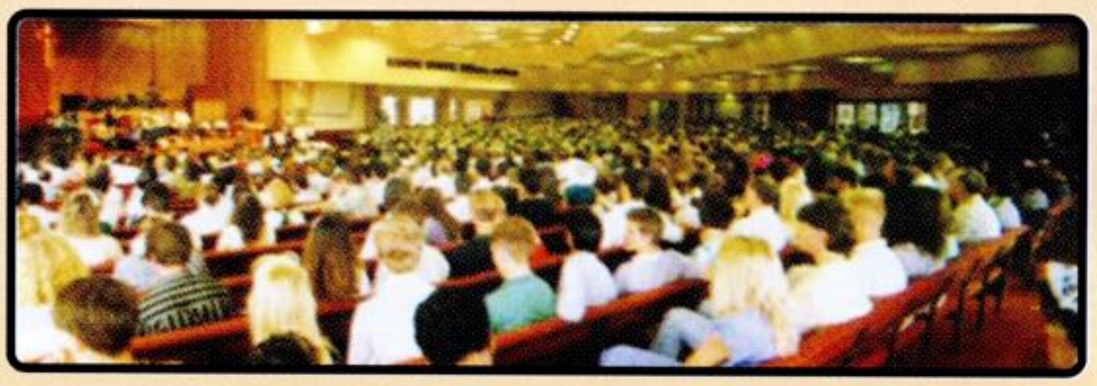
Over 50,000 Canadians Saved in Our Meetings!

For over 24 Years we have criss-crossed this great nation with a passion for the lost! Well over 50,000 Canadians have committed their lives to Christ in our campaigns and literally thousands have been miraculously healed! Perhaps not much by Overseas standards but a lot in the land of the *'Frozen Chosen.'* Please stand with us to enlarge the outreach because we believe....

All Canada must be Reached with the Gospel of Jesus Christ!



Wise Investments in Times of Turmoil!

The Stock Market has taken one of the wildest rides ever since the Great Depression of 1939! Shocking disclosures of corporate greed, creative book-keeping and outright deception in such companies as Enron, WorldCom and Anderson Accounting have literally rocked corporate America! Mutual funds have plummeted leaving multitudes wondering if all the money put away for retirement is gone forever! Investor confidence is at an all time low! Many are asking, 'Is there any such thing as a safe investment?' I know of only one!

The bible says, *'Do not lay up for yourselves treasures on earth, where moth and rust destroy and where thieves break in and steal; but lay up for yourselves treasures in heaven, where neither moth nor rust destroys and where thieves do not break in and steal.' Matt. 6:19-20* In other words, whatever you invest in the world system will one day be gone, but what you invest in God's work of winning souls will last forever and God Himself will keep the account! There will never be a devaluing of your investment, no fear of depression or loss and certainly no one who will 'cook the books' or manipulate your heavenly account! Your investment will be secure, waiting in Glory for your arrival! And your treasure will be in precious eternal souls, of immeasurable worth, the only thing of true value that will last forever! So in times of economic turmoil and the potential of crashing markets and deeper losses, be wise and invest not in 'futures' but in the real future, *'For where your treasure is, there your heart will be also!' Matt. 6:21*

Blind Eyes & Deaf Ears Healed in High Prairie, Alberta

What hunger for God in the two meetings with Pastor Deano Young at the High Prairie Christian Center in Northern Alberta. As the packed church reached out to God the glory and power come down! Here are just a few of the key miracles!

TOTALLY BLIND EYE OPENS

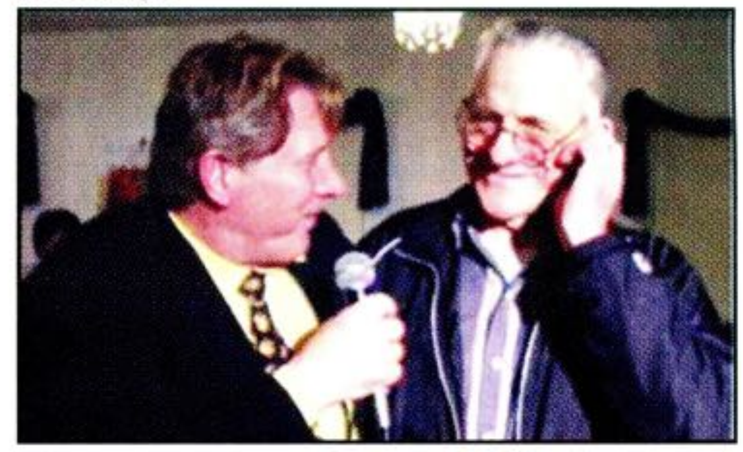
Michael Larioux's left eye had been struck on the sharp corner of a table when he was a little boy and he had lost all sight in it. Immediately after prayer he could see some but by the time he returned the next day he was seeing well and was calling out people, colors and various objects in the congregation – wonderfully restored by the tangible touch of the Lord! How great and to be praised is our God!

DEAF DEFORMED EAR OPENS

Sixteen year old Nicole Osiway from Atikameg had been born with a deformed ear that was totally deaf all her life. Doctors had operated years ago and removed all the inside bones as well as some of the deformity but to no avail. Despite all their skilled surgery she had never heard a sound in that ear her entire life. But when God touched her she could instantly hear and repeated everything I whispered even though the other ear was closed off tight. As we have seen so many times, the Lord does not need the natural biological parts to make someone well! He can either replace them as we have often seen or if He so chooses just by-pass them and make the body function well without them which in a sense is even a more supernatural miracle!

HEALING, DELIVERANCE & THE NEW BIRTH

Several more had deaf ears opened and others with arthritis, sicknesses and/or various problems were instantly healed. All tremendous miracles but still the best of all were the many who committed or rededicated their lives to Christ and were thus recipients of the greatest miracle in the world – the New Birth – where their spirit man – the real them - was translated out of the authority of darkness and into the kingdom of the Son of God's Love! *(Col. 1:13)* To God be all the Glory!



DEAF FOR OVER 60 YEARS

Leonard Morrison had been sledding with others as a young boy over 60 years ago and had gone out of control on a downhill run. As they tumbled the steel runner of the sled slammed into his right ear smashing all the inside parts and the wooden part of the sled had spun around and hit his other ear. He had been totally deaf in the right ear all these years and hard of hearing in the left. But he was thrilled as one touch from Jesus popped them both open and he could hear clear for the first time in over 60 years!

Blind Eyes Opened & Drug Addicts Delivered in Hazelton BC

A tremendous sense of God's presence settled over the meetings in the Hazelton Lion's Hall and numbers of people were healed, but the most exciting was to see those hooked on drugs weeping and shaking under the power of God as the Lord set them free! A few days later we were passing back through Hazelton and stopped by Pastor Kevin Warren's place. What a blessing to find several of the people who had just been saved and delivered from drugs, alcohol and witchcraft in our meetings now at the Bible Study all fired up and pressing in with Jesus - leaving the old life of sin and deception far behind!

TOTALLY BLIND EYE FOR 26 YEARS POPS OPEN

Agnes Chipman had been totally blind in her right eye for the last 26 years! She said Dr Jeery had operated on her in 1976 and she had seen nothing but black in that eye ever since. Then she handed me a doctor's appointment slip from the Eye Care Center in Vancouver that stated, 'Detached Retna Surgery – Vitrectomy!' The doctors were going to take another attempt at fixing her eye but God had a better plan! I told her about the miracle God gave Lloyd Carr in Edmonton whose retna had been completely torn off when high-sticked in a hockey game and how the Lord had instantly restored his sight a few months ago – a miracle that 18 surgeries had been unable to accomplish! Then I prayed for her and the moment she opened her eyes I knew the miracle had taken hold. Time and again she said between tears that she could now see clear! She demonstrated by squeezing PAOC pastor Kevin Warren's nose and although she had never learned to read she readily identified all the colors on the front of one of my books. There were lots of Hallelujahs ringing in the hall that night! She said her sight was perfectly clear after 26 years of blackness – an absolute miracle of God's divine grace!

JESUS SAVES WRECKS

The next day as we drove into Old Hazelton I saw a sign – 'Jesus Saves' – in a yard full of old wrecks and broken down cars and trucks. I said to Tim, 'That will preach! Jesus saves wrecks!' Later that night I wanted to stir this thought into the message but forgot about it during the preaching and most of the prayer time. Then an old fellow came up describing all his aches and pains and problems. He said, 'Pray for me! I am a wreck!' I said, 'Let me tell you what the Lord spoke to me today!' I went on to tell him how the Lord spoke to my heart earlier that 'Jesus Saves Wrecks!' Pastor Kevin Warren got excited and said, 'That's his place!' What a divine confirmation and what a timely release as the Lord touched him!

Totaled but Protected!

One of my favorite scriptures that I pray almost every day is found in Psalm 91. *'Because you have made the Lord, who is my refuge, Even the Most High, your dwelling place, No evil shall befall you, Nor shall any plague come near your dwelling!' Psalm 91:10*

That awesome prayer of David was answered yet again on May 18th when the Lord graciously spared our lives! Outside of God's grace and divine protection this article may have had a very different and tragic ending!

We had just finished the Hazelton meetings where the Lord saved and delivered several from drugs and witchcraft and touched many others including Agnes Chipman who was marvelously healed in her right eye that had been totally blind for 26 years. Then we had headed north up the Nass Valley for a few days of 'R & R' in the wilds – a special time with my grandson Brandon. God answered our prayers and he bagged a trophy 6 ½ foot black bear with one shot – pretty good for a 12 year old boy on his first big game hunt. I cannot tell you how much it thrilled my heart to hear him say night after night in the tent, 'Thank you for bringing me out here, Grandpa! This is the best time of my life!' But the devil was obviously not impressed with us spending quality bonding time together and certainly not with what has been happening in our Canadian meetings! So on the way to the next campign in Fort St James he tried to wipe us out!

Tim Ference, one of my cameramen, was driving; I was reading a magazine and Brandon was sleeping in the back seat, surrounded by gear packed right to the roof of the Jeep. Suddenly a pick-up stopped in front of Tim and he swerved to the left to try to go around because of oncoming traffic in the other lane. By God's grace we missed the truck but as he tried to cut back onto the road the loose gravel threw us out of control. The careening vehicle started flipping completely over and over, rolling once, twice and then a third time before squashing down on the roof. Stuff was flying everywhere, glass smashing and metal twisting and crushing, but all I could think was 'Dear Jesus, watch over my grandson and thank you for protecting all of us!'

As the Jeep crashed to an upside down stop we were all shouting, 'Are you okay?' What a blessing to hear the affirmative 'Yes!' Tim and I both crawled out our crushed windows and I rushed to Brandon's window, the only one not broken. I grabbed the open crack and jerked it out. Before long I was sliding him out feet first, virtually unscathed, from the wreckage. What a wonderful relief! I hugged him tight and said, 'Thank You, Jesus! Thank You, Jesus!'

People were running over, absolutely amazed that no one was dead or seriously smashed up! I must admit, when we looked at the scene and the totaled off vehicle we too were amazed and I told everyone that stopped it was nothing short of the mercy, grace and protection of God! No doubt He had given *'...his angels charge over us to keep us in all our ways!' Psalm 91:11*

When I walked up to the road I noticed that the very first thing thrown out on the shoulder of the road was my bible that had been on the dash. It was as if God had miraculously laid His Word out at the start, and even though a trail of debris and brokenness followed, His divine Word had protected us! We give Him all the glory!

Soon police cars and ambulances were buzzing around and we all had to go to the hospital to be checked out, but outside of some minor cuts, bruises and wrenched backs (plus as I learned later a small fractured bone in my foot) we were all fine! God had *'...watched over His word and performed it'* just as He promised in *Jeremiah 1:12*. But what a different story it could have been without the blessing and protection of God! The devil had tried to turn Brandon's best day into his worst day!

The next morning as we waited for a rental vehicle I flipped my computer on. My new bible program is set to open on a daily devotional called *'My Utmost for His Highest'* by Oswald J. Chambers. The title for May 19th was another divine confirmation of God's protection! In bold letters it read, ***"Out of the Wreck I Rise"*** and started with these words: *'God does not keep His child immune from trouble; He promises, "I will be with him in trouble ...!" (Psalm 91:15)* He surely had been!

Chambers little devotional continued: *'It doesn't matter how real or intense the adversities may be; nothing can ever separate him from his relationship to God. "In all these things we are more than conquerors ..." (Romans 8:37)* It ended with this comment: *'Either Jesus Christ is a deceiver, having deceived even Paul, or else*

some extraordinary thing happens to someone who holds on to the love of God when the odds are totally against him. Logic is silenced in the face of each of these things which come against him. Only one thing can account for it—the love of God in Christ Jesus. ***"Out of the wreck I rise" every time!'***

Thank You, Lord Jesus!
