

MIRACLES God's Calling Card

CRIPPIED

This crippled woman had been confined to the wheel chair for eight years until God touched her. She rejoiced as she pushed Len around in her old chair.

DEFORMED

This happy young girl was born severely bowlegged - her ankles were so weak she would loose her balance and fall. Jesus in His mercy totally restored her deformed legs. Notice her knees tight together.

There are no words to describe what the Holy Spirit did in the City of Puebla, the days of June 19, 20 and 21, of this year, with Evangelist Len Lindstrom, we only may add to it the word Wonderful!

We all were sure that if we obeyed the Lord Jesus' command of going to preach the Gospel, He, as an answer, would accomplish

this promise of His:

'And these signs will accompany those who have believed, In My name they will cast out demons, they will speak with new tongues, they will pick up serpents, and if they drink any deadly poison, it shall not hurt them; they will lay hands on the sick and they will recover.'

And this is what the Lord God did exactly during the three evenings of miracles, pouring a lot of blessings and healing over the whole area, being as an evidence, a great number of miracles upon the audience. Many were healed out of their lack of sight, cancer and tumours, healing of walking problems, organs out of function, like arms, legs, hands and vertebrae spine.

DEAR

This young boy had been totally deaf in his right ear for many years - He told Len "Jesus healed me!" Hallelujah! One of many who had deaf ears opened.

I want to point out that in the lacerusade day, in the midst of a storm, Lecular Lindstrom begun to preach the message God had given him for that evening, at the heavy rain did not stop the Lord power to work out upon the people. On the preaching was over, the Evangel invited those who had a healing need touch the affected sick part and to pray the Living God, believing that He has to power to heal all illness as He had sa during the preaching.

'Jesus Christ is the same, yesterday a today, yes and forever.'

At the end of praying time, to Evangelist invited to all those who had for God's power in the affected part of the bodies, and then to testify what the Lochad done with them. However, some them did not have the opportunity to

BILIND

She was completly blind in her right eye a almost totally blind in the left - until G touched her and restored her sight. Ran Krahn of Abbotsford, BC rejoices with he

so. That was the case of three blind who recovered their sight, but the multitude did not allow them to get closer and testify. It was very impressive to hear the testimony of a brother who had a bullet in his leg so he could not walk, nevertheless during the praying that was presided by Brother Len, he finally could walk. Another impressive testimony was about a child who had been sick since he was born, his testicles were inside in a no normal position, after the praying, he felt the healing power of the Lord Jesus as his testicles came down to the normal position. Like this cases, there were many that could be told. That it is why we are convinced that God did great things through the preaching of Len Lindstrom. Even so, the deacons and counselors were devoted to give all those healed a chance to testify, it was really

impossible to do so, because of the multitude that surrounded the platform and made very difficult to went up those who wish it to do so.

All Evangelist Len Lindstrom's crusades in Mexico have been very important in the history of these states of Chiapas, Oaxaca and Puebla, where they had taken place. They are now remembered with great pleasure among the local pastors and evangelists from all different churches, denominations, and the whole unbelievers from the society.

These crusades had had great consequences in the whole different states of our country, so the Gospel of our Lord Jesus Christ and grand Saviour, has changed spiritually the life of the main Christian Evangelical leaders, churches and the whole society.

There was such an impact thanks to the crusade, that it is impossible to have control of all what happened in those three days of miracles. Nevertheless, we believe that wherever brother Len would preach it, he will count for eternity with God's help and blessing.

LAME

This lady was semi-lame and filled with pain - could hardly walk - now running back and forth with joy as God healed her.

PARALYSED

This woman had been paralyzed down her left side and her hand was crippled due to a brain tumour - now healed and mobile by the power of God.

TUNOUR

This woman had a tumour the size of a baseball in her breast - during the prayer for healing she said she felt lightening shoot through her body and the tumour disappeared!

I fell in love with the people of Puebla. The hunger for the reality of Jesus, the praise and worship that was simply heavenly and made me fall in love more and more with my precious sweet sweet Jesus, the many wonderful miracles done right before my eyes, and more than anything the "thousands of salvations." The "Holy Ghost" was showing off again and again, doing what He likes to do best. Glory a Dios!

Bill Sutch, Kelowna, BC

I was blessed of God, to see the people of Puebla were very hungry for the Word and to see God move so powerful in miracles even in the torrential rain!

Mike Lindstrom, Kelowna, BC

We serve a living God and we live by the promises of His Word. I have once again witnessed with my own eyes the mighty signs and wonders that follow those who believe. His Word commissions us to preach the Gospel, cast out demons and heal the sick and that is exactly what happened every night in Puebla.

Gene Lindstrom, Prince George, BC

The Lord is real, not an imaginary concept. And in His Name, there is power with physical proof. In this campaign I saw the reality of that

as the Living God showed us what only He can do by healing many blind, crippled, deaf and dumb. My life will never be the same after this trip and my faith in God has grown much deeper!

Margo Rader, Comox, BC

This crusade will always be to me a renewal of my faith and love for the Lord. There was so much love extended to us. I went to give, asking God to let me be of service to Him and He gave me back 100% of His love. Our team became so close in the spirit. Never have I experienced anything so beautiful.

I pray that many more brothers and sisters in Christ can have the same opportunity.

Alan Gronberg, Devon, AB

This was my first trip with Len and it was great to meet these brothers and sisters from over the border. The love we were shown was wonderful!

June Meyer, Courtenay, BC

I will always cherish the love and friendship received from the Mexican people. The comaradie of the team and the experiences shared brought us close together. The crowds of beautiful people coming for a miracle every night, even standing with us in torrential rain. The awesome presence of the Lord was with us all the way and many wonderful miracles happened. A baby was even born in the back of a station wagon during the final service at the same time that thousands were being born again in the mass prayer.

John Cummings, Quesnel, BC 16 years old

The highlight of the trip for me was on the first night of the crusade as thousands of people came forward when the altar call was made. It brought tears of joy to my eyes! The same thing happened each night!

Bill Ferguson Surrey BC

Blessed are those who hunger and thirst after righteousness for they shall be filled. Thousands responded to the Lord's invitation. Those in need were healed, filled, delivered and saved. I saw the stranglehold of religion broken by the name of Jesus Christ and His Spirit working in power. I pray that Canada would recognize the need. Lord, send your Spirit across this nation!

Randy Krahn, Abbotsford BC

This trip was a life changing experience for me. The people were so hungry for the 'truth' that we literally saw thousands of people rush the stage for salvation, even before the altar call to receive Jesus was given. We saw more than 100 miracles, two of which I personally saw their condition and had laid hands on two days before. On the third day Jesus showed Himself alive as they were healed out in the crowd. Sunday was Father's Day and the best Day of my life as I had the privilege to speak at a church on the 'love of our heavenly Father', excitement overwhelming. The most moving thing for me was that these poor people had so much love they gave me an offering equivalent to 10 mens' full day wages. These people live in 8x8 homes without roofs. I did not want to accept their gift, but then I felt the Lord would have me purchase a gift from them for my family so I might always remember their love for me and for the team. And if such poor people can be so generous think what you and I can do to help more like them hear about Jesus and His love! Amen.

Clarence & Jeanette Schultz, Westlock, AB

What a blessing the Puebla Mexico crusade was to us. The language of God's love flowing from the people to us and from us to them needed no interpretation. And the power of God's healing miracles that we witnessed for salvation and physical healing was awesome. God willing, this was the first of many crusades we would be blessed to be team members of. All the praises be to God!
