

Great anointed music in the tent — Len with two guitar picking BC First Nations brother's Kenny Tashoots and Herb Desjarlais — let the fire of God fall!

Sledgehammer and Bible — breaking up the stony hearts and lighting fire within for Jesus

I'M BACK IN HOLY GHOST TENT MINISTRY!

There are plenty of great old movie lines such as Humphrey Bogart's "You Dirty Rat" — or Clint Eastwood as Dirty Harry snarling through clenched teeth, "Go ahead, Make my Day" — or Crocodile Dundee saying, "'At ain't a Knife — 'At's a Knife" — but one of the most dramatic of all movie lines has to be Arnold Schwarzenegger as the Terminator when he stated, "**I'll Be Back!**"

And in like fashion it's great to be able to boldly and unequivocally declare, "**I'M BACK — BACK IN HOLY GHOST TENT MINISTRY**" — and **back to shake the hell out of Canada** with the mighty Word and Spirit of God accompanied by signs, wonders and miracles in Jesus Name!

And if ever Canada needed the hell shaken out of it it is today — for our nation is on a train wreck course for disaster and much of the watered down politically correct, inoculated, inoffensive and ineffective preaching of our day is only helping to speed our nation on its perilous route towards utter decay and destruction. So it's time to shout the true life changing message of the Living Christ from a neutral venue outside the religious restraints of the four church walls — and like the Terminator — let the devil and his cohorts know we're back and we will continue the fight until we win this eternal battle for souls!

First fresh set up — and ready to rock and roll with the Father's Business — winning souls

Back On The Miracle Tent Revival Trail

CANCEROUS TUMOUR THE SIZE OF A FOOTBALL

Dynamic testimony given by **Beverley Tashoots** in the PG tent as she related how she had suffered horribly with a huge cancerous tumour in her ovaries that bulged out the side of her stomach the size of a football.

Then on July 3rd 1986 (she clearly remembers the date) she came as a Catholic girl into our big yellow and white tent meeting in Smithers BC and the power of God hit her and knocked her to the ground — and there under the gentle anesthetic of God's anointing — the power of Jesus flowed through her body and completely dissolved and removed that massive tumour.

When she returned to the cancer ward and told her local doctor she had gone to the tent meeting and that Len Lindstrom had prayed for her and God had healed her, the local doctor said she was crazy and talking total rubbish and told her to get back in her room and stay there — so she had to stay in the local cancer ward for two more weeks but God put her to work and she spent the entire time from 5:00 AM every morning praying for all the others who were sick.

When the two weeks were finally up they flew her to Vancouver to the big cancer ward where the doctors ran a full battery of fresh tests — CT scans, X-rays, Ultra-scans, etc — and every test came back perfectly clear — not a trace of cancer and no sign of the massive tumour that had been there before!

When the doctors and nurses got the astounding medical reports, Bev said they were all shocked and amazed and most of them were even crying as they said, "*Bev, how did you do this*" — and she answered, I believe the Lord and Saviour Jesus Christ healed me! As soon as she was dismissed she wanted to return to the tent meeting but we had just tore down in Smithers and set up in Prince George so she came to PG and there full of joy for her healing and salvation, ran all around the tent shouting praises to Jesus and waving her arms in joy to the Lord.

Today, 33 years later, there is no trace of cancer in her body and she and her husband Kenny are still on fire for Jesus! Miracles truly do last and to God be all the glory!!!

Beverley Tashoots testifies of being healed of massive cancerous tumour

The sheer joy of being healed and staying healed in Jesus Name

Angeline Crocker healed ten years after a stroke that left her right side lame

TEN YEARS TOTALLY LAME ARM FROM STROKE

Not only did Beverley Tashoots share her own marvellous miracle testimony in the tent but she also brought her 84 year old sick mother, **Angeline Crocker**, all the way from Grassy Plains BC to the tent in PG to receive a miracle on August 7 2019.

Her mother, Angeline, had suffered a stroke ten years earlier and had been completely lame in her right arm and clenched right hand ever since — but that same night just last week she responded to the altar call, gave her heart and life to Jesus, and then I prayed for her healing!

God is so good — as I had no sooner finished praying a 45 second prayer of healing and commanding her arm to obey God's infallible word that "*By His Stripes We Are Healed*" and she thrust that arm that had been totally paralyzed for ten years straight up in the air — not just once but over and over and over again — completely healed by our marvellous Miracle Working Living God!

I had known she was lame from a stroke but I was utterly shocked to hear her hand had also been virtually clenched, lifeless, and without any power for those same ten years — and now she was rolling her fingers and hand around like it had never had a problem — and repeatedly squeezing my hand with real strength and vitality — and you can tell by the shocked look on my face that no matter how many amazing miracles I have been privileged to see, I never cease to be utterly amazed at God's amazing love and healing power! To God and God Alone be all the glory!

Shocked again by God's amazing healing power

Lame arm and hand working good— 08-5-2019

Kenny Tashoots and Herb Desjarlais picking, grinning and praising Jesus

Judy Calvert testifying of being instantly healed of full body raw weeping eczema

YEARS OF BLOODY FULL BODY ECZEMA GONE

Another amazing testimony of a virtually instantaneous miracle was shared by **Judy Calvert** who had suffered continually for several years with full-body, painful, weeping eczema covering basically her entire body — front and back, plus both legs and both arms — so itchy, scaly and painful she would scratch it vigorously in the night and always wake up with blood stained sheets.

But on February 5 2016 Judy came to one of my meetings at the All Nations Church in PG and I cursed the disease just as Jesus cursed the fig tree in Mark 11 — and when she went home that same night and showered she stepped out of the shower stall with brand new clean healthy skin covering her entire body — what a marvellous miracle and the crowd shouted praises to God as she testified of the Lord Jesus Christ's amazing love and power — and today — 2 1/2 years later there is no eczema on her body. Miracles really do last — and to Christ be all the Glory! What a Saviour — What a Healer!

ROUGH CAMPAIGN BUT GOD IS FAITHFUL

At the last minute the grounds were shuffled to the roughest location in all of PG — at the dead end of a street right in the worst part of "The Hood" — crack addicts, drug dealers, derelicts, hookers and poverty-stricken welfare cases bound by alcohol, drugs and many vices — so rowdy and dangerous most Christians won't even go there — but we still saw almost 100 people respond for salvation and many touched, healed and delivered — as evidenced by a woman who came the last morning weeping tears of gratitude saying she never used drugs since the first night of meetings — her house was no longer used as a drug pusher's storage — her family blessed — and so thankful we had come to the Hood! But the offerings were deplorable — \$70, \$130, \$210 in a night — I said, Lord, this is going to really hurt the ministry so I am simply going to preach this as unto Jesus — and as a seed for greater things to come! Then

God broke through — with a dear saint giving \$9,472.27 — I wept and praised God as once you make a decision that what you do you are doing as unto the Lord it is like a catalyst that releases the blessings of God — and you can never out-give God — just make sure you are doing it from a heart sold out to Jesus and to His will to reach souls!

NEXT – ABBOTSFORD BC MIRACLE TENT MEETING

**SEND
YOUR
POWER
JESUS
—
FALL
FRESH
UPON
OUR
LAND**

DEAR FRIEND & PARTNER,

It's time for a fresh move in Canada — not of religion, tradition or man-made philosophies — but a genuine move of God complete with biblical based signs, miracles and wonders to convince the heart of man that Jesus Christ is truly alive and relevant to the dire needs of humanity and our nation.

NOW it's time for the second campaign — in ABBOTSFORD BC in the Exhibition Park starting August 18 which will run every night for at least two weeks straight — we're serious about touching our nation — and with numerous churches participating, radio and paper ads to the unreached, plus a major thrust towards the tens of thousands of Punjabis in the region as seen by the full back page ad in the Patrika Newspaper which is the number one paper in Punjabi we believe we are going to have quite a campaign in the Lower Mainland — so please pray, intercede, support and believe with us for Revival — and if at all possible come out to the tent and experience the love, joy and power of a good old fashioned tent revival first hand!

And please pray about joyfully planting some “GOOD SEED” into this summer's Canadian Tent Ministry outreach by sending a Cheque to the ministry address below — or by direct E-Transfer and text me the details at 1-250-300-8082 — or you can give by Credit Card by simply clicking this secure link

www.lenlindstromglobal.com/give/

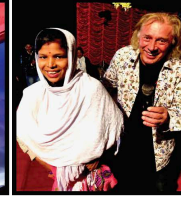

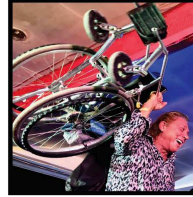

Thank you and now BE BLESSED AND KNOW YOU ARE LOVED!

Len Lindstrom
