THE DEVIL IS REAL

AND THE BATTLE FOR SOULS INTENSE

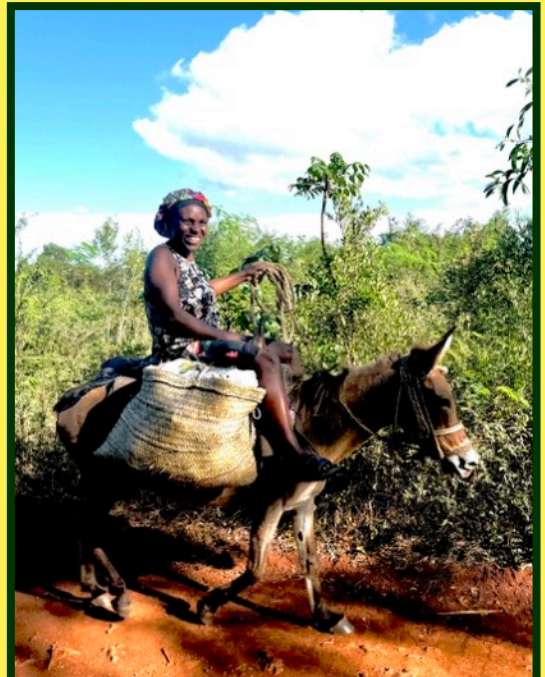

BOMBARDOPOLIS HAITI

ONE SPIRITUAL ATTACK AFTER ANOTHER !!!

That statement virtually describes this latest missions trip to Haiti — solidifying the fact that not all countries are the same — not all campaigns are the same — and not all results will be the same!

But until Jesus returns — there are two fundamental spiritual truths which never change — **THE DEVIL IS REAL** — and — **THE VICTORY IS ONLY IN CHRIST!**

As missionary pilot & humanitarian Russ Beurivage said — *“The power of darkness is very real here — and if you come to Haiti — you better be truly saved — covered in the blood of Jesus — stay prayed up — full of the Holy Spirit — and on constant guard — as the forces of evil never let up and **THE BATTLE RAGES ON EVERY SINGLE DAY!**”*

A typical Haitian peasant

So in this little report I will do something most evangelists would not generally do — give you a quick overview not only of the victories we experienced — but also the myriad of challenges faced daily on this latest trip.

Remembering that our heart's desire was to impact these precious persecuted people — many of whom — despite living on America's doorstep — have never heard the true Gospel!

Poor impoverished people like the ones working the fields from 4:00 in the morning to 6:00 at night — a common sight the peasants riding or leading their donkeys into town with bags full of charcoal to sell for cooking fires to earn a meagre couple dollars for staple food — but still mostly smiling and happy as they rode by.

Despite the fact the country has been under a full-fledged civil war for almost ten years — and the president killed by mercenaries in 2021 — which has left what remains of the government with little to no real power ever since — and the hostile rebel gangs basically controlling all the main cities — and over 2 million refugees who have fled to the more remote towns.

And these gangs are utterly ruthless — heavily armed — terrorizing the people — and merciless to the point of repeatedly trying to shoot down commercial and civilian passenger aircraft.

For example — Spirit Airlines was shot at in November 2024 — with a bullet striking a stewardess on board — Jet Blue and United Airlines were also hit by bullets — as well as a UN helicopter — and while we were in our first campaign in Port-de-Paix a couple weeks ago they shot at another helicopter forcing it down.

Then — get this — on November 23 2025 — only a week ago as I write this — Sunrise Airlines was shot at and hit with bullets while coming in to land — the very airline we flew in on from Turks Cacaos only a couple days earlier — and were scheduled to fly out on the very next day after this latest shooting — on the 24th — which made the danger of flying in Haiti very real —

even for members of our team!

And speaking of planes — there are big NGO's operating under the banner of Food Relief organizations who fly in almost daily with plane loads of people — think tanks — who come in to hold meetings — to debate and evaluate the plight of the Haitian people — but it is said they have never seen them unloading any food.

Which epitomizes the world's view of how to deal with the struggles of 3rd World nations — all talk — all empty promises — raising huge dollars for relief and humanitarian aid — but little if any really gets to those in dire need.

Which could be summed up in shades of the Clinton Foundation fiasco — which foundation is said to have raised over \$6 Billion dollars for Haiti — with little to no reporting or idea of where all the money went — swallowed up by supposed administrative costs and other NGOs — with almost nothing to the Haitian people.

Then add on all the stories of child exploitation — kidnapping children — human trafficking — money laundering — drug trade — exploitation — and continual cover-ups and denials without the slightest bit of accountability — and you can begin to understand the plight of Haiti.

Meanwhile — the cities remain black at night — no power as it only comes on in the wee hours of the morning for a few hours — so the cities and towns are plunged into darkness — exactly the same as the nation's spiritual condition.

And then in our Gospel campaigns — contrary to all instructions and expectation — they generally provided only one little light to illuminate a bit of the front of the crowds who came — which was highly exasperating for crowd shots as we all know that black people in the black of night do not show up very well.

Which made me feel like I had stepped back 45 years in time to the same conditions of campaigns we held overseas during the start of our missionary outreaches.

Couple that natural darkness with the intense fear factor which kept people from testifying — as great miracles would take place every night — but the majority of those instantly healed by Jesus refused to come forward to testify.

Too fearful of being mocked or persecuted — coupled with the underlying code of conduct in Haiti that no matter what you see or what you hear you never relay it to others or you will surely suffer the consequences.

Plus on stage one night as I pondered why so few would testify — I suddenly remembered a key factor about Haiti from 44 years earlier — the belief amongst many older Haitians that if someone takes their photo they will capture their soul in that little box called a camera — so they do their utmost to avoid cameras!

Another well known factor imperative to a successful campaign is the need for advertising — but despite assurances that large posters were going up everywhere — I never saw a

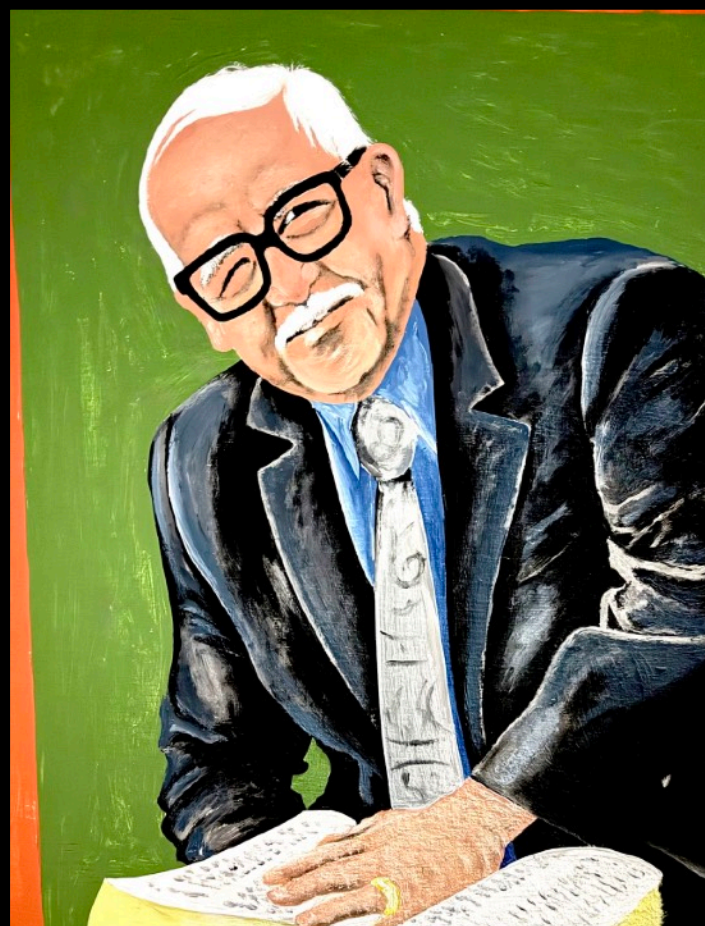

ONE PLYWOOD BANNER — IN FRONT OF STAGE

poster or billboard around any of the towns — until we reached the last campaign.

So just for fun — and maybe a good chuckle I am adding in the banner that was finally put up the last night of the last campaign — the first billboard I saw — not downtown where it would announce the meetings to passerby's — but on the front of the stage — how appropriate — as though it was a special reminder for all those who were already aware of the campaign and had made their way to the meeting — Hello!

A MUCH YOUNGER QUAKER OATS MAN

COLONEL SAUNDERS OF KFC

But unbeknown to Pastor Andre and I — they could not transfer the mugshots sent by email — so they had hired a local artist who painted the cartoon caricatures of us on the billboard!

Certainly good for a hearty laugh — as our team quickly determined Andre looked like COLONEL SAUNDERS of KFC — and I looked like a younger somewhat girlish version of the QUAKER OATS man — as though we were coming to Haiti to whip up a fresh batch of hot biscuits and fried chicken!

But absolutely no mention of miracles on the billboard — no invitation to bring the sick and suffering — and no mention of the Power of the Holy Spirit to transform lives or alleviate the suffering of the masses!

And then we come to the interpreter — which is a highly essential element of any overseas campaign — as you need someone fluent in scripture — filled with the Spirit — able to rapidly turn the talk into the native language — and flowing in the same Might and Power of the Spirit of God!

But no such good fortune in Haiti — as night after the night the interpreter was stuck — couldn't translate even the simplest of my messages — resulting in only half the message being translated into Creole — he tried his best — but by and large it was a nightly point of complaint and frustration.

Which in retrospect makes me realize it was nothing short of a true miracle that God was able to do as much as He did despite the serious drawbacks — but that is where the Grace and Mercy of the Lord comes into play — especially under such challenging conditions!

Which of course leads us back to the overarching topic of pagan beliefs — and the stronghold of VODOO and WITCHCRAFT which holds so much of the nation in spiritual darkness and bondage — which as stated in my previous article — is still practiced by 95% of all the people of Haiti — including most Christians!

Which likely accounts for — or at least contributes to — many of the spiritual attacks which came against the team and the campaigns — none so tragic as that which befell our local coordinator — Pastor Wisney — who did his best to keep working on this Gospel outreach despite having a very sick little boy named Ashton — suffering with a rare and long standing medical condition with massive growths in his lungs and his life literally hanging in the balance.

Who in the midst of this series of campaigns was flown out to Paris France to receive a last ditch effort to save his precious little life with stem cell transplants — only to perish the day after arriving.

So tragic and heart rending — right in the midst of the campaigns — which not only brought great heartache and grief to the Wisney family — for whom we continue to pray that God will bring them comfort and solace in their tragic loss — but also meant we no longer had a local coordinator to be on top of things.

Then we come to the Bombardopolis campaign — a smaller add-on 2 days of meetings — where as hard as it may seem to believe — as the campaign was kicking off an aggressive fellow tried to rape a girl at the back of the crowd — and a Voodoo priest was seen in front of the stage gnashing his teeth before leaving.

It was in this town that the locals got permission to erect the platform right across a downtown street — with one small overhead light run by generator during the meetings — but once shut off the entire downtown area was once again plunged into black as usual.

And late that first night — a drunk motorcyclist with no light on his bike — went whipping high speed through town and crashed head long into the steel stage scaffolding — smashed to pieces and in critical condition — so please agree in prayer that the enemy cannot use this tragedy as another demonic blow to the struggling church or the local missionaries.

On a more personal note — while on the journey over the rough rugged goat trail through the mountains to Bombardopolis I vigorously rubbed some very poisonous leaves between my thumb and forefingers which Wisney said were so poisonous they had burned his skin and left white scars on his flesh — and then when we arrived hot and sweating — I splashed some water on my face and made the mistake of scrubbing my eyes — which quickly turned them blood red and burning like liquid fire — the devil telling me he was going to blind me.

But I silently and earnestly prayed and thanked God — and a couple hours later with a little salt water rinse that Catherine Beaurivage gave me — my eyes were clear — no damage at all.

And then we come to one of the enemy's main attacks against Missions Outreach — cutting off finances — as for whatever reason my email quit working so no one could do e-transfers — and the donation link on my website mysteriously quit working as well — so numbers of people trying to donate could not — resulting in the ministry receiving very little support during the entire last month — and because of no internet connection I did not even know why.

None of these attacks should be surprising — as the local pastors stated that every time they try to do something for God the Voodoo priests immediately crank up their demons and send all hell against them to thwart the Work of God!

Which makes one wonder how many Voodoo priests were likely leaping in their fires — sacrificing pigs or sucking blood out of live chickens — while jabbing their Voodoo Dolls full of pins to try to sic their filthy demons on us!

As Russ of Hope From Above Ministries stated — the powers of darkness are very real here in Haiti — and the battle rages on every day!

But the devil's attacks do not phase true Holy Ghost believers — for we know that — ***“GREATER IS HE who is in us” — 1 John 4:4 —*** and — ***“WE OVERCOME him (the devil) by the***

The tremendous Team Canada volunteers in Haiti — mechanics — pilots — prayer warriors — musicians — pastors — cameramen — and evangelist — with the formerly deserted and stripped Lazarus Cat 972 Loader raised from the dead as another tool for ministry — Ted Bell, Pat Doey, Chris Doughty, Jukka Ovaska, Ben Shipton, Hannu Lindroos, Len, Andre Levesque & Pastor Wisney

BLOOD OF THE LAMB and the WORD OF OUR TESTIMONY and we love not our lives unto the death!” Revelation 12:11

And regardless how many dimwit witchdoctors or demon possessed curse casters try to stop us — scripture still clearly states — ***“Thanks be unto God who ALWAYS CAUSES US TO TRIUMPH in Christ Jesus!” 2 Corinthians 2:14***

Which brings us full circle to the true problem with the church in Haiti — as to our knowledge not a single one of these pastors were Spirit Filled — and many of them not even born again — so how can one expect Holy Ghost Revival without first impacting the leadership — which is an imperative reality.

Which is also why Pastor Andre Levesque preached to the local pastors in each location — who in town after town were moved by his teaching and encouragement — and then stated — if we had been involved the campaigns would have been much better and bigger — but we were only told there was a campaign coming — so we had no sense of involvement or vested interest — another common mistake in too many overseas setups.

And then they told Pastor Andre — just as they said to me in the main crusade meetings — we

have never heard such teaching or preaching — please come and teach our pastors about the Holy Spirit and how to heal the sick.

Which leads to the strategy that is currently being put in place for future campaigns in Haiti — as Pastor Andre is planning to return in about six months — to train pastors — and to prayerfully get many of them actually saved — which is a great starting point — and then prayerfully filled with the Holy Spirit — and to teach them about God's Healing Covenant — and true Spirit led outreach to the communities!

And then — once that initial groundwork is done — likely later 2026 — we will go in for some much bigger and far more effective campaigns in Haiti — including the gang controlled city of Cap Haitian — and then Port Au Prince — for when the devil and his demonic cohorts hit believers — we must prepare to hit back harder!

The final morning in Haiti — brother Russ asked me — are you disappointed with the campaigns — to which I immediately responded:

DISAPPOINTED — YES — DEFINITELY — as I truly expected so much more — but DISCOURAGED — NO — ABSOLUTELY NOT!

Then I told the entire team — all things considered — this was probably the toughest series of campaigns I have ever held anywhere in the world in 48 years of miracle ministry!

But there is no defeat in the Christian Life — only learning curves — and steps to greater breakthroughs — exactly as stated in my opening comment — not all fields are the same — and not all campaigns the same — but the ultimate plan of God remains unchanged!

THIS GOSPEL SHALL BE PREACHED IN ALL THE WORLD — AS A WITNESS — WITH CONVINCING IRREFUTABLE PROOF — WITH SIGNS, WONDERS AND MIRACLES — AND HAITI — NO MATTER HOW DIFFICULT OR FORSAKEN IT MAY SEEM — IS NO DIFFERENT!

So the Work of God goes on — and so do we!

THANK YOU PARTNER FOR STANDING WITH US FOR PRECIOUS ETERNAL SOULS

A FEW OF THOSE WHO GOT BRAVE ENOUGH TO TESTIFY IN BOMBARDOPOLIS — THEIR JOY TOO GREAT TO REMAIN QUIET

How this dear Mama rejoiced shouting praise to Jesus — her little daughter had been in terrible condition and could not even stand — now not only standing but she excitedly stated — walking — and dancing — and Mama is shouting praise to Jesus

Like so many in Haiti — this lady's body had been wracked with pain and problems and she had lumps in her breasts — totally healed and rejoicing in Jesus — saved and made whole by the delivering power of the True Gospel — all glory to Jesus

This dear old Mama had a lame arm and her body filled with pain — now everything working well — arms straight up and giving all glory to Jesus

Still shouting praise — extending her once lame arm all over — if only others would testify like this

This woman could not walk without a cane — healed the first night and now came back to testify

She suffered with excruciating headaches and years of pain all over body — delighted to be healed

This young lady had suffered a stroke and developed both physical and mental problems

She was mightily touched by God and dancing and rejoicing for Jesus out in the crowd

GOD NEVER SAID IT WOULD BE EASY

But He did say — I will never leave you nor forsake you — and He said — Every place you put the soles of your feet I give you — and He also stated — All authority in heaven and earth has been given Me — therefore — Go Ye to the Nations — and He also stated — Ask of me and I will give you the nations for your inheritance!

SO WE CONTINUE TO GO IN THE POWER OF HIS MIGHT

Next up for Missions — Philippines — India — Borneo — Malaysia — Pakistan — Haiti — and much much more for 2026 — so please stand with us for Harvest

EVERY SOUL REACHED
